NR = No Guided Reading rating.

Form created by Mrs. Deborah Fagnan at Ridgefield Park Public Library using Scholastic Wizard.

Guided Reading is used at Ridgefield Park School system in the classroom in small-group instruction and for independent reading. When your child enters a new grade he or she is assessed and assigned a guided reading level based on word-knowledge, comprehension, and fluency. (Levels are subject to change).

•

• **According to Doman (2017):**

Books are assigned guided reading levels based on several general expectations and capabilities of a reader. As the levels progress, the books become more difficult. Each level is based upon the increasing complexity of ten benchmark common book characteristics that readers encounter at all stages of the reading process from when your child picks up his or her first book through the time when he or she becomes a fluent reader. These guided reading categories are:

- **Genre:** The type of the book
- **Text Structure:** How the book is organized and presented
- **Content:** The subject matter of a book
- **Themes and Ideas:** The big ideas that are communicated by the author
- **Language and Literary Features:** The types of writing techniques employed by the writer
- **Sentence Complexity:** How challenging the syntax is of each sentence
- **Vocabulary:** The frequency of new words introduced in the book
- **Words:** The ease at which the words in the book can be figured out or decoded by a reader
- **Illustrations:** The correlation and consistency of images and pictures in the books to the words printed on the page
